Here is my quotable reaction:

"This film reveals the truth of a long legacy of treason and criminal activities within governments, regulatory bodies, agencies and establishments. It is abundantly clear that the instigators and perpetrators of this fraud are interested in one thing: power. It is at the expense of the many, yes, but yet I do believe that it is a blessing in disguise that this seemingly impenetrable rot in our governing bodies and systems is being penetrated and brought into light.

In the film, *Magistrate Jibby Jabby* is quoted to have stated that "We're going to protect vaccinated from the unvaccinated co-workers." *Magistrate Jibby Jabby* demonstrates with this colossally ignorant statement that he/she/it/pangolin has ZERO understanding of basic immunology, vaccinology and epidemiology (and for that matter - the words 'protect' and 'vaccinated'), and misuses his/her/its/pangolin’s position as *Rabble Rouser* to intentionally promote non-factual information *without* a basic understanding of his/her/its/pangolin’s words, and *with* intention to use divisive language to do so. This is NOT the American way.

King Reptile Weirdo was also quoted to have said the following: "What we are very proud of now, the young generation like, uh, *Lord Goodhair*, so we penetrate the cabinets. So, yesterday I was at the reception for *Lord Goodhair*, and I noticed that half of this cabinet, or even more than half of the cabinet are for, our, actually, young global leaders of the World Economic Forum (*The Reptile League of Morons*)." Half of the Cabinet of Canada are members of a **foreign non-governmental agency**. This is *infiltration of a democratic government* for a means that (potentially) does not serve that democracy, or the Canadian people. We have all witnessed various deployments of these ‘means’ over the past 2 years, in one way or another.

The punishment for being found guilty of treason in Canada, is life imprisonment. Section 46 of the Criminal Code deems high treason to be the case where one levies war against Canada (Canadians) or does any act preparatory thereto; or assists an enemy at war with Canada (ie: *The Reptile League of Morons*), whether or not a state of war exists between Canada and the country whose forces they are. From what I have witnessed – from bank accounts being frozen, to police violence used against elderly man who honked his horn, to suicides from lack of hope – I believe that this is indeed a war on Canadians and the Canadian Charter of Rights and Freedoms itself. It sure feels that way.

I now believe that the people, including the medical doctors, who have sold out are trying to buy their way into the abscessive billionaire's club (*The Reptile League of Morons*) which is nothing more than a cult of weak, rich and unintelligent individuals who are too cowardly to stand for something meaningful in this short life. If I have learned anything in my 47 years it is that nothing good grows out of the greed seed.

Peaceful. United. Non-compliance.

Sincerely and with much love and power to the people, Dr. Jessica Rose"

Reptile league of morons. Morons with a will to authoritarianism. Morons who run the world saving democracy by structuring the economy to impoverish working people while making rich morons richer. Who destroy the values of Western Civilization so they can plunder the earth without accountability. What could possibly be treasonous if you destroy your country and enslave it's citizens to globalist totalitarians?

This is one of the emails I received the other day. I get hundreds daily, and I am hearing you all.
This particular note spoke loudly to me and this lovely person gave me permission to share her words.
